

# JENSEN DYLAN

 (907) 203-6280  [linkedin.com/in/jensen-hunting](https://www.linkedin.com/in/jensen-hunting)

 [hunting@usc.edu](mailto:hunting@usc.edu)

## Special Skills

### Programming Languages

HTML, CSS, JavaScript, SQL, PHP, Python, C++, and Java

### Research

Qualtrics, Useberry, R and SPSS analysis

### Design Tools

Figma, Canva, Procreate and general experience in visual art

## Education

**University of Southern California**

2019-2023

**B.A. in Environmental Studies | Minor in App Development**

**GPA 3.6 / 4.0**

### Relevant Coursework

Design for UX, Full-Stack Web Development, Statistics, Calculus, C++ Programming, History of International Cinema, Gender & Sexuality in Media, Theatre Production

### Honors/Awards

USC Presidential Scholar, Thematic Option Honors Program, National Hispanic Merit Scholar

### Clubs

WYSE Youth Mentorship Program, Environmental Student Assembly, USC Climbing Team, USC Queer and Ally Student Assembly, and USC QuEST

## Leadership

### Co-Director •

Environmental Student Assembly

### Mentor •

Women & Youth Supporting Each Other

### Mentor •

Scholars Leading Scholars

### Course Producer •

USC CSCI 103: Programming in C++

## UX Design

**UX & Product Design for NeutralAccess**

Fall 2022

**for ITP 310 Design for User Experience**

- Developed an app to help transgender individuals find safe bathrooms, social spaces, & community resources.
- Directed and worked with a 4-person team through the entire design cycle.
- Led the team's user research efforts using Qualtrics surveys (27 respondents), personal interviews (6 participants), and moderated usability tests with Figma prototypes (5 users).
- Analyzed user feedback and identified pain points to iterate on and improve the app.

Work samples available upon request!
